Non Hazardous & Non Flammable

DESCRIPTION

Graffiti Remover is a dark orange liquid with a mild citrus odour. It is a non-hazardous and non-flammable product blended with low odour and low toxic ingredients. Graffiti Remover quickly and effectively removes graffiti with minimum risk to the operator.

FEATURES & BENEFITS

- Low odour;
- Non Hazardous;
- Non Flammable;
- Fast acting;
- Free rinsing;
- Quick breaking;
- Advanced formulation removes graffiti from all surfaces.

USE DIRECTIONS

Use as received.

Method 1: Apply neat with a brush or broom. Allow 3-5 minutes contact time for Graffiti Remover to penetrate the graffiti. Rinse off with high pressure water cleaner using cold water.

Method 2: Apply neat using a pump pack spray applicator. Allow 3-5 minutes contact time for Graffiti Remover to penetrate the graffiti. Rinse off with high pressure water cleaner using cold water.

Please Note: In extreme heat, in order to avoid evaporation, rinse surface with cold water before applying Graffiti Remover. This will allow more contact time for the Graffiti Remover to penetrate the graffiti.
