

PRODUCT INFORMATION

Refresh-Citrus

Citrus Air Freshener and Disinfectant Cleaner

DESCRIPTION

Refresh-Citrus is a specially formulated product containing citrus fragrances designed to kill dangerous bacteria and leave the area smelling clean and fresh. Refresh-Citrus is the ideal product to use in toilets, washrooms and other areas where odours are a concern.

FEATURES & BENEFITS

- Provides a clean fresh fragrance which is slowly released over a period of time;
- Leaves a pleasant citrus fragrance with long lasting results that can be enjoyed throughout the day;
- Contains powerful disinfectants that kill the bacteria that emit foul odours;
- Safe to use on all surfaces;
- Versatile product that cleans, kills odours and leaves a long lasting scent;
- Biodegradable.

USE DIRECTIONS

Cleaning & Disinfecting: Dilute 30-60mls of Refresh-Citrus per litre of water. Swab or mop the area removing excess moisture and allow to dry. No rinsing is required.

Air Freshener: Dilute 100-500mls of Refresh-Citrus per litre of water depending on the odour. Refresh-Citrus should be applied by a trigger spray bottle and sprayed in the air toward the ceiling or flip top bottle and squirted onto the affected area.
