

PRODUCT INFORMATION

Handwash

Unperfumed Hand Soap

DESCRIPTION

Handwash is an economical hand cleaner that is effective in the removal of light soils from hands. Handwash is gentle on hands with the latest in hand cleaning technology, therefore not further damaging the skin. It is recommended for use in food preparation areas.

FEATURES & BENEFITS

- Does not contain solvents or other harsh chemicals;
- Removes oil and other soils;
- Water based and will not crack or dry skin;
- Contains only natural ingredients that will maintain skin integrity;
- Contains no fragrances that will leave hands with no odours making it ideal for food preparation areas.

USE DIRECTIONS

Use as received from a wall mounted or pump type dispenser. Place 2-5mls of Body Spa in the hands and gently work up a rich lather and rinse thoroughly with water.
