

PRODUCT INFORMATION

Sanitiser-NR

No Rinse Sanitiser

DESCRIPTION

Sanitiser-NR is a specially formulated no rinse sanitiser designed to kill dangerous bacteria. Sanitiser-NR is a superior quaternary ammonium compound which has broad spectrum activity against gram-positive and gram-negative bacteria.

FEATURES & BENEFITS

- Safe to use on all surfaces;
- Biodegradable;
- Provides excellent microbial control;
- Effective no rinse sanitiser that can be used in food service and food processing areas.

USE DIRECTIONS

Areas treated with Sanitiser-NR must be thoroughly cleaned and rinsed first.

As a No Rinse Sanitiser: Dilute 5-10mls of Sanitiser-NR per litre of water.

General Sanitiser: Dilute 15-30mls of Sanitiser-NR per litre of water.

In both cases apply by spray, soak or manual method.
