PRODUCT INFORMATION

AliClean

Aluminium Brightener & Cleaner

DESCRIPTION

AliClean is a powerful pink acidic detergent designed to quickly remove atmospheric corrosion, road grime, and soils from all aluminium surfaces, various stone and cement building materials.
AliClean is often used to clean and prepare aluminium surfaces, aluminium trailer bodies & aluminium bull bars. Commonly it is used to deoxidise and brighten transport vans, boat hulls, aluminium sidings, and road tankers. AliClean works quickly to restore the original lustre to the metal; it can also be used to brighten mag wheels.

FEATURES & BENEFITS

- Restores the original lustre to the metal
- Leaves no residual film after rinsing, reducing post weld surface preparation;
- Non-flammable, making it workshop safe for application and storage;
- Rinsible with water, for easy mixing;
- Fast acting formulation, reducing cleaning time;
- Concentrated cleaner making it very economical to use on large scale projects;

USE DIRECTIONS

Thoroughly wet the surface then apply diluted 500ml per litre.
