

## PRODUCT INFORMATION

# Protectorim

## Tyre and Rim Protector

### DESCRIPTION

Protectorim® is an environmentally friendly rim rust inhibitor, puncture leak & crack indicator and is locally made for local conditions

It has a non-chromated corrosion inhibiting system which protects steel rims and metals tyre cords.

### FEATURES & BENEFITS

- Detects Air Leaks Well Before Tyre Deflation
- Prevents Rim Rust
- Maintains Inner Tyre Liner
- Provides For Easier Breakdown Of Multi-Piece Wheel Or Rim Assemblies
- Reduces Air Chamber , Rim And Tyre Temperatures
- Prevents Valve Blockages
- 100% Environmentally Acceptable
- 100% Health & Safety Acceptance

### USE DIRECTIONS

Protectorim must be applied in the correct quantities to properly perform.

Severely damaged inner liners, extreme operating conditions or badly rusted rims may require an increase of up to 50% more than recommended.

Refer to page 2 for recommended quantities.

#### Pack sizes/product codes

20L – PR020

200L – PR200

1000L – PR1000
