

## PRODUCT INFORMATION

# RDR

## Acid / Red Dirt Remover

### DESCRIPTION

RDR is a concentrated, acidic cleaner and degreaser specifically formulated to tackle stubborn contaminants like red dirt, grime, and road film on engines, chassis, paintwork, and wheels.

### FEATURES & BENEFITS

- Concentrated formula
- Low level caustic
- Water based
- Can be used via a pressure cleaner

### USE DIRECTIONS

**Pressure cleaners:** Dilute up to 1:100

**Pre-sprayers:** Dilute up to 1:30

**Hand held pressure sprayers:** Dilute up to 1:5

Apply to wet surface, allow to sit on surface for 30 sec-1min then remove.  
Re-apply if heavily soiled.

DO NOT use product undiluted on paintwork or aluminium.  
(Always test a small area first)
