

PRODUCT INFORMATION

RDR

Acid / Red Dirt Remover

DESCRIPTION

RDR is a concentrated acidic cleaner specifically formulated to tackle stubborn contaminants like red dirt, grime, and road film on engines, chassis, paintwork, and wheels.

FEATURES & BENEFITS

- Concentrated formula
- Low level caustic
- Water based
- Can be used via a pressure cleaner

USE DIRECTIONS

Pressure cleaners: Dilute up to 1:100

Pre-sprayers: Dilute up to 1:30

Hand held pressure sprayers: Dilute up to 1:5

Apply to wet surface, allow to sit on surface for 30 sec-1min then remove.
Re-apply if heavily soiled.

DO NOT use product undiluted on paintwork or aluminium.
(Always test a small area first)
